

Choices

Verses 1 and 4

There isn't anything we do that God won't forgive
Making choices in life it's all relative
You've got to be a little more demonstrative and just pray

Verse 2

We all make mistakes that are indicative
Of situations in the past that make us sensitive
We've got to try not to be so negative and just pray

Chorus

Life is a series of choices we make
It doesn't matter to Him if we make a mistake
There's a prodigal son that wants to come home
It doesn't make any sense to continue to roam

Verse 3

I'd like to be a little more informative
About the healing of the heart 'cause it's imperative
You simply musn't be like a fugitive, just pray

Rap

I made a few mistakes in the past you see
I was feelin' pretty bad, it was getting to me
Nobody around me could understand
So with my back against the wall I turned to the Man
Jesus said the truth will set you free
So I poured out my heart to the almighty
I tell you this ditty 'cause I want you to know
The only way to live life is to let your guilt go
