

## **Dilemma Decisions**

*(Teacher Resource)*

**Dilemma 1:** Your group of friends is splitting up. You and your best friend are trying to decide which group to stay friends with. Your favorite coach overhears you discussing this, and asks, “How can I help?”

**Dilemma 2:** The student who sits next to you in math class cheats but never gets caught. You saw this person cheating on the big math test, but the teacher caught the wrong person. You are trying to decide what you should do when your mom asks, “What’s wrong?”

**Dilemma 3:** Your mom and dad are pressuring you into going to the Catholic high school instead of the public school where all your friends are going. Your youth minister asks, “So, where are you going to high school?” and you decide to talk to him or her about it.

**Dilemma 4:** You go to a party with friends. When you get there, you see that your classmates are drinking and smoking. You are uncomfortable with this but aren’t sure you want to leave your friends. You call your mom or dad but aren’t sure what to say.
